

MOMO CUBEPOOLS

Container Pools

We are a European pioneer in the field of manufacturing pools from shipping containers. We have been developing our proprietary solutions and technologies since 2018. Thanks to the high-quality workmanship, our pools are appreciated by customers from almost all European countries! We work only with proven European manufacturers of swimming pool accessories, with whom we have been developing solutions used in our swimming pools together from the very beginning of Cubepools.

1. Cubepools - Focused on Quality

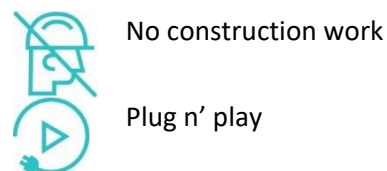

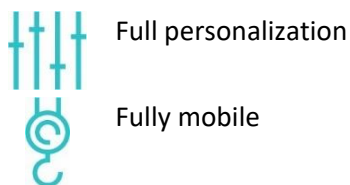

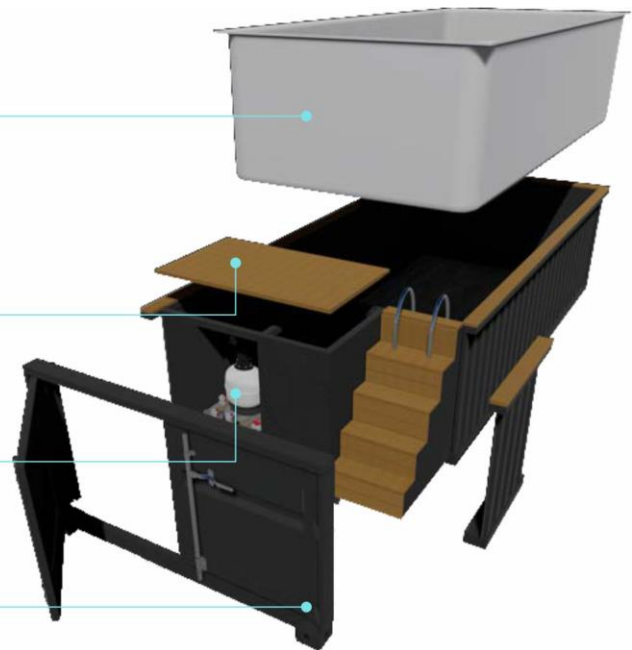

Our swimming pools offer full functionality and a host of amenities with minimal owner effort. Each pool is custom-built to meet the owner's specifications and preferences. They feature a portable design for quick assembly without the hassle of extensive construction. A key benefit is the ability to use the pool immediately after it is filled with water.

Our **pool basins** are made with the use of Renolit Alkorplan reinforced pool foil. It is a permanent solution that ensures no discoloration for many years.

The **decking and stairs** finish is made of high-quality WPC, which, apart from the lack of maintenance, is characterized by high resistance to UV radiation and demanding weather conditions.

In the **technical room** there are time controllers and pool equipment from leading European manufacturers.

The pool construction is made on the base of **one-way containers**. This ensures high aesthetics as well as durability and stability of the construction for many years.

2. Placement Options

Numerous possibilities of placing our pools allow them to be adapted to any terrain and customer needs.

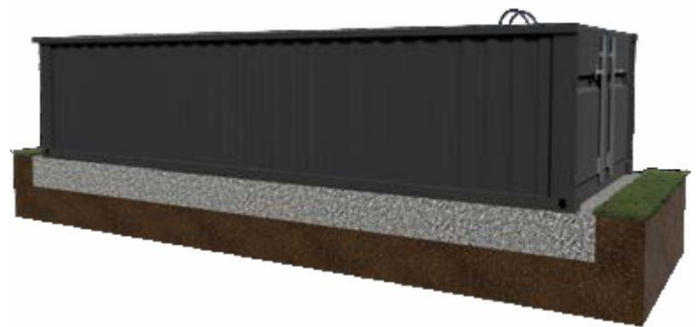

Built into the slope

On a steel structure

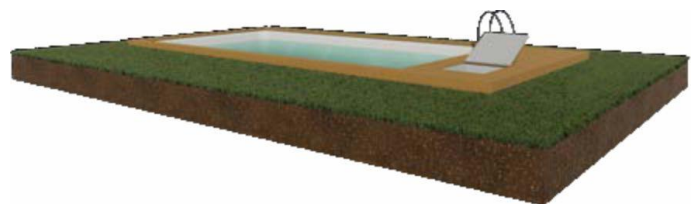

Levelled to the terrace

On the ground

Partially recessed

Levelled to the ground

3. Pool Configuration

Choose one of the two pool configuration paths. Between our solutions or configure your swimming pool from scratch.

- **Ready packages:** Enjoy one of the three most popular pool configurations. By choosing one package, you only personalize the appearance of the pool. An excellent choice if you want to enjoy your new swimming pool quickly.
- **Full personalization:** Design your pool from scratch! Choose the equipment, modify the construction and the way in which you will enter the pool basin. At the end decide how your pool should look like.

3.1. Ready Packages

		Basic	Comfort	Premium	Sport 'n Spa
1	Decking and stairs with wood composite				
2	Filtration system				
3	Solid steel door				
4	Ergonomic entry stairs				
5	Steel pool ladder				
6	Cleaning kit				
7	Water heating system				
8	Pool lighting				
9	Thermal foil with a roller				
10	Active filter bed				
11	Steel pool basin elements				
12	Countercurrent (Jet Swim)				

3.2. Pool Personalization

3.2.1. Pool Size

We offer 3 standard lengths to choose from:

	1		2		3	
	External dimensions	basin dimensions	External dimensions	basin dimensions	External dimensions	basin dimensions
Length	6,1m	5,0m	9,2m	8,0m	12,2m	10,8m
Width	2,5m	2,3m	2,6m	2,3m	2,8m	2,3m
Height	1,4m	1,2m	1,5m	1,2m	1,6m	1,3m
						

Widened version: 3,2m external / 2,8m basin -/- **Deeper basin:** 1,3m / 1,4m / 1,5m

3.2.2. Pool Colour

Choose one of our unique colour sets.

The colour on the left is the colour of the pool, and the colour on the right is the colour of the pool basin.

Arctic Glacier
RAL: 9016
FOIL: White

Blue Lagoon
RAL: 7046
FOIL: Azure

Deep Ocean
RAL: 7016
FOIL: Light blue

French Riviera
RAL: 5009
FOIL: Light blue

Moonlight Grey
RAL: 7011
FOIL: Grey

Warm Sandstone
RAL: 1002
FOIL: Sand

3.2.3. Pool Roof

Polycarbonate swimming pool sliding roof 2.5m or 3.0m wide.

Manual or automatic opening system.

Priced individually, starting from 12,000 EUR.

3.2.4. Pool Entrance

Decide which way of entering the pool is most convenient for you:

full decking
without stairs

entrance stairs
from the front

entrance stairs
from the side

outer ladder
from the side of a pool

3.2.5. Pool Basin Entrance

Internal pool ladder

Side entrance stairs
60 cm wide - 3 steps

Stairs with a bench

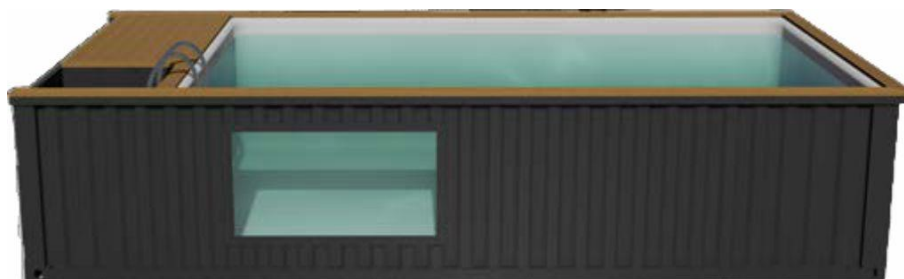

Entrance stairs along
the entire width of
the pool - 3 steps *

Shallowing with 2
steps

3.2.6. Pool Window

hard-tempered glass pool window

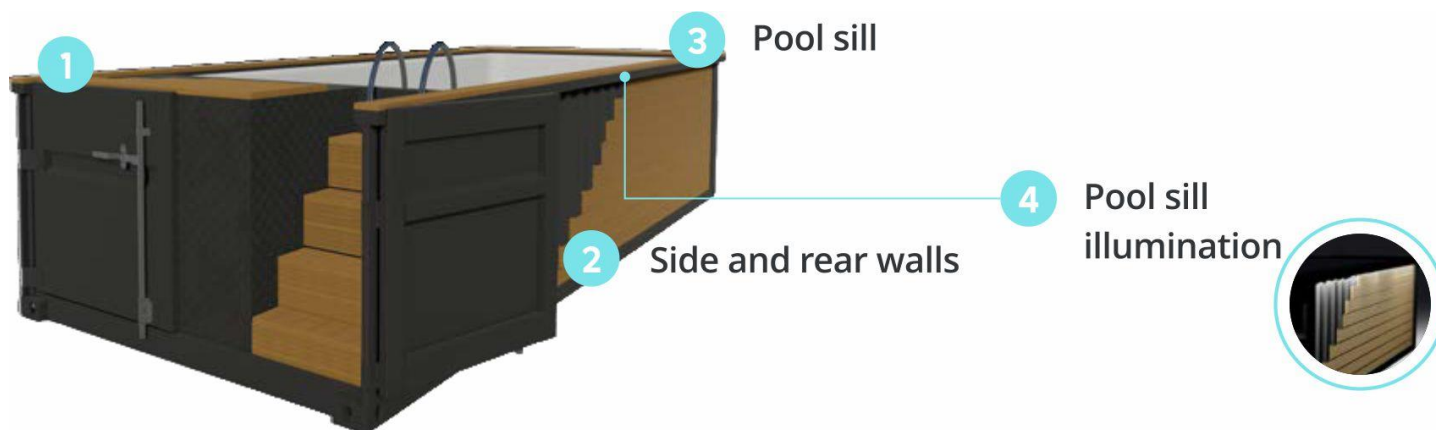

- maximum 3 pcs. on 6 m pool
- maximum 7 pcs. on 9m pool
- maximum 9 pcs on 12m pool

3.2.7. Pool Finishing

The colours

Now it's time to choose the best way to match the colours of your Cubepool to the surroundings. Decide on the colour of the exterior and the pool basin.

- 1 Decking and stairs**
-  WPC - brazilian ipe
 -  WPC - peruvian teak
 -  WPC - westminster grey

- 2 Side and rear walls**
-  Container sheet in the selected color
 -  WPC - brazilian ipe
 -  WPC - peruvian teak
 -  WPC - westminster grey

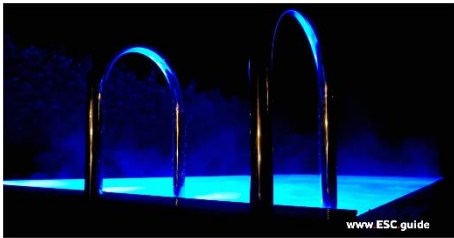

- 3 Pool sill**
-  WPC - brazilian ipe
 -  WPC - peruvian teak
 -  WPC - westminster grey

- External colours (RAL)**
-  Glacier (RAL 9003)
 -  Slate (RAL 7046)
 -  Anthracite (RAL 7016)
 -  Beige (RAL 1013)
 -  Caramel (RAL 1001)
 -  Bark (RAL 1019)

-  Wind (RAL 9018)
-  Sage (RAL 7033)
-  Moss (RAL 6028)
-  Stream (RAL 5025)
-  Dust (RAL 7031)
-  Sea (RAL 5011)

- Pool basin colours**
-  White
 -  Grey
 -  Light blue
 -  Blue
 -  Caribbean
 -  Sand

4. Pool Accessories

POOL HEATING

Hydro Pro Typ 5

- Heating capacity 3.7 kW
- Pools up to 20m3
- High efficiency, COP ratio up to 6.1
- Operates down to -5 °C
- Temperature control on LCD display
- Automatic defrost
- Wi-Fi control

Hayward Powerline Inverted

- Heating capacity 6.7 kW
- Pools up to 20m3
- High efficiency, COP ratio up to 11.03
- Operates down to -7 °C
- Temperature control on LCD display
- Automatic defrost
- Wi-Fi control

Aquaviva TurboXAVTXI26

- Heating capacity 10.5 kW
- Pool up to 40m3
- High efficiency, COP ratio up to 15.6
- Operates down to -15°C
- Temperature control on LCD display
- Automatic defrost
- Wi-Fi control

POOL HEAT LOSS PREVENTION

PVC hollow panel manual /automatic roller shutter

- Roller with hollow PVC panels
- Limits the temperature transmission through the water surface
- Provides a safe covering to prevent kids from falling into the water
- Available with a remote control

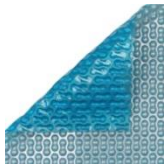

PVC hollow panel automatic underwater roller shutter with bench

- Roller with hollow PVC panels
- The underwater system provides a clean and esthetic look
- The whole roller is hidden in an underwater bench
- Limits the temperature transmission through the water surface
- Provides a safe covering to prevent kids from falling into the water
- Available with a remote control

Available colours for PVC Panels

- White
- Light Grey
- Dark Grey
- Vanilla
- Blue

Roller with thermal foil

- Manual roller with thermal foil
- Limits temperature transmission through the water surface
- Provides basic protection from the outside environment
- Available for all pool sizes

POOL FILTRATION

Filtration upgrade

- High degree of water purification up to 50µm
- Efficiency: 6 - 8m³/h for a 6mpool
- Efficiency:10 -11m³/h for a 9mand 12mpool

POOL COUNTERCURRENT

Jet - Swim

- Countercurrent front made of AISI 316L acid steel
- Pump with a capacity of 60 or 70m³ / h
- A modern water flow system with 2 round nozzles which lift the body, enabling more natural swimming

POOL LIGHTING

	<p>Interior led lighting</p> <ul style="list-style-type: none"> • Acid steelfinish • Remote controller
---	---

POOL FINISHES

	<p>Interior led lighting</p> <ul style="list-style-type: none"> • Acid Steel frames • Pool nozzles Skimmer
---	---

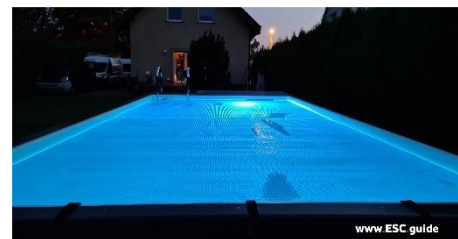

POOL WATER TREATMENT

	<p>Salt hydrolyzer</p> <ul style="list-style-type: none"> • PH module
	<p>Chlorine dispenser with pH/Rx module</p> <ul style="list-style-type: none"> • Automatic chlorine and Ph dispenser • RX module (redox)
	<p>Automatic H2O2 and ph dispenser</p>
	<p>UV LAMP</p> <ul style="list-style-type: none"> • Supports the filtration system by disinfecting up to 80% of dirt in the swimming pool water.

EXTRA ACCESSORIES

	<p>Outdoor LED lighting</p>
	<p>L barrier L shape decking safety barrier, available in two sizes:</p> <ul style="list-style-type: none"> • 2500 x 900,1.1m high for full decking without stairs • 1600 x 900,1.1m high for full decking with stairs
	<p>Winter cover</p> <ul style="list-style-type: none"> • Protection for your pool during the winter
	<p>WPC external wall</p> <ul style="list-style-type: none"> • We can enclose the pool with WPC composite wood panels both at the back and on the side of the pool
	<p>Garden Solar Shower</p> <ul style="list-style-type: none"> • 35L solar shower with connection to a garden hose

MOMO #ContainerPools – Case Study: Cicha Polana

<https://www.esc.guide/post/momo-containerpools-case-study-cicha-polana>

CubePools are fully functional swimming pools that allow you to enjoy a range of amenities with minimal owner involvement. Our pools are manufactured according to the preferences and requirements of the owner. They're characterized by mobility, and thus quick assembly and no burdensome construction work. The undoubted advantage is the fact that the pool can be used immediately after filling it with water.

MOMO #ContainerPools – Case Study: CubePool 3m

<https://www.esc.guide/post/cubepool-3x3m-pool-spa>

3.0m x 3.0m ready to use container pool spa, jacuzzi, Comfort package.
